Experience

Member of Technical Staff, 10/2024 - Current

Techmojo Solutions - Hyderabad, India

- Developed and maintained enterprise back-office admin platforms using **React.js**, improving business workflow efficiency across internal operations.
- Built cross-platform **React Native** apps for Android and iOS with accessible interfaces, consolidating two native codebases into one shared codebase.
- Integrated **REST APIs**, created modular UI components, **optimized frontend performance**, and contributed to code reviews and bug fixes.

Associate Software Engineer 3, 05/2023 - 05/2024

TILLI - Hyderabad, India

- Developed and maintained a **fintech** application utilizing **T3 stack**, enabling seamless invoice payments and processing for clients.
- Built shared **Electron UI components** and documented them in **Storybook** to improve maintainability and team collaboration.

Software Engineer, 09/2022 - 03/2023

BEWAKOOF (RECRO)

- Developed frontend UI using **React.js** and **TypeScript** for e-commerce features, ensuring robust, maintainable, and accessibility-friendly code.
- Optimized **Webpack** configuration and **SSR** performance, performed performance testing, and ensured code passed CI/CD pipeline checks, improving page load speed by 5%.

React Developer, 05/2021 - 06/2022

ACCELGROWTH TECHNOLOGY PVT. LTD

- Built responsive web interfaces using **React.js**, **JavaScript**, **Bootstrap**, **HTML**, and **CSS** for client-facing applications.
- Collaborated with designers and backend developers to deliver maintainable frontend features and wrote basic unit tests using Jest and React Testing Library.

Web Developer, 07/2020 - 04/2021

Freelance

- Developed responsive websites using **HTML**, **CSS**, **JavaScript**, and **Bootstrap** for small business clients, reducing delivery time by 20%.

Education

06/2019 Midnapore College (Autonomous) - West Bengal

Bachelor of Computer Applications (BCA), Computer Science
